What we do

Zhejiang Zhuangao designs, tools, moulds, assembles and packs drinkware and mother-and-baby feeding products at a single plant in Pan'an County, Zhejiang, China. Founded in 2008, the company holds 368 domestic and international patents, runs 300+ production machines and 40+ moulding and testing machines, and ships more than 35 million units a year as an OEM / ODM / OBM partner.

In-house R&D and tooling

Industrial design, structural engineering and mould making all happen on site. 368 patents support fast sampling and iteration.

Quality control

40+ moulding and testing machines, incoming and in-line inspection, and routine social-compliance audits by international customers.

Scale manufacturing

Precision machining and injection moulding workshops run in parallel, with 300+ machines behind 35 million units of annual capacity.

Artwork and customisation

Artwork programmes with 12 partner brands. We customise appearance, structure and packaging end to end.
